WHAT IS BE GLAD?

BeGLAD® is a professional development organization focused on language acquisition and literacy. By taking language acquisition theories and transforming them into practical and engaging activities, BeGLAD® has become a go-to resource for educators.

WHY SHOULD YOU GO?

Enhance Your Teaching Skills with Our Exclusive Be GLAD® Training Program! Our program is specifically tailored for K-12 teachers who work with language learners. Taught by experienced instructors with over 25 years of experience, our two-day training program delves into the research behind BeGLAD® strategies. During the four-day demonstration, we showcase these strategies in action and provide time for supported planning, including material creation.

\$1400 per participant
(*This 6-Day BeGLAD® Training is eligible for Title III or Title II funding, MLL Categorical Funding*)

TESTIMONIALS

"I love how Be GLAD provides equitable access to content for ALL learners. The strategies demonstrate how providing our MLLs with academic language and high expectations gives them the tools to succeed in the classroom. I'm excited to use these strategies with my learners!"

"The trainers were naturals! Every morning one of them pumped us up for what we would be learning about and how it applied to language acquisition. It is a PD that I would recommend for every teacher as there was so much to take away and apply to student learning. They did not disappoint!"
